Parent Performance Comments

Do you have any specific comments about any aspect of NKCEC's performance (positive or negative) that you would like to share?

- Neva King Cooper School is the best there is and I am very fortunate to have my son attend there. I am so very pleased.
- The administrative staff and faculty are very supportive of the students.
- The care that my daughter receives is very good. I am very satisfied with administration and the staff. They are all very engaged and willing to help. There have been no delays in any of my requests or concerns. I am proud of this school; everyone is doing a great job, even with the limited resources available to the school. I always spread the word and have referred new students to the school.
- I am very pleased with Neva King. My daughter has learned a lot. Keep up the good work.
- I have no negative thing to say about NKCEC. Everything is positive about NKCEC. The staff is a teamwork team, and everybody works together for the children and families. When the children and families hurt, they hurt too. NKCEC's is our family.
- The school meals could be better. The school teachers and staff are the best.
- I feel NKCEC is a great school. I love all the staff at NKCEC; they are very friendly and easy to talk to. They are very good with my child. My child loves going to school at NKCEC. Most of all, she has a wonderful teacher. Keep up the good work.
- For me, it is one of the best schools. I feel very proud to have my son attend this school.

Parent Improvement Suggestions

Do you have any specific suggestions for improvement that you would like to have considered by the administration of NKCEC?

- Transportation issues, beyond NKCEC's control.

- First of all, I hope for continuation with summer school. I don't know yet if your budget will allow for it. Second I am offering my expertise free of charge as a registered and owner of my own health care agency in forwarding workshops for staff and parents alike in subjects related to respiratory issues.
- No improvement needed to NKCEC's just keep up the good work, God bless NKCEC's, I love you all. My son loves his school so much that every day when he comes home from it, he asks me when he will go back and when I say tomorrow he gets super excited because he loves the staff and the teachers at NKCEC's. One day someone from the staff at NKCEC's called me to see how I was doing because of recent surgery and it turned out to be my son's teacher Peggie Getchell the words that came out of her mouth made me feel so good because she really cares and that's why I love NKCEC's, they are real.
- I have one suggestion: that the present school director stays there his entire life. He is always concerned about the kids and the teachers. I am grateful to the director, the teachers and the entire staff for the care and love demonstrated daily to my son.
- Mandatory Uniforms.
